Introduction

The European Space Forum will return to Brussels in **June 2024**, once again bringing together key industry leaders, policymakers, and experts for 2 full days of face-to-face debate. Discussions will be underpinned by the key theme of **sustainability** and at the interplay between this and other strategic pillars of **competition, innovation, security and connectivity**.

Sessions throughout the event will be **discussion-based** and **interactive**, with speakers and audience members encouraged to speak freely, challenge each other and pool ideas.

European efforts continue to **unlock the boundless possibilities of space** and its capacity to drive progress and improve well-being for people and communities globally. Be part of the discussions on the path ahead and on shaping a strong and sustainable European space ecosystem for the benefit of all.
